The College reviews its teaching-learning process through unit tests, internal tests, tutorials, seminars, assessments, and learning outcomes at periodic intervals through IQAC. Following are two examples of institutional reviews and implementation of teaching-learning reforms facilitated by IQAC Structured feedback and Review of learning outcomes: Feedback is a vital part of the teaching-learning process. The analysis of the effectiveness of teaching-learning is made through the student's feedback mechanism. It helps the mentor to recognize how the students know his or her subject being taught. Keeping this view at the center, IQAC has developed well-structured feedback systems. IQAC prepares various feedback forms and collects structured feedback on the design and review of the syllabus and student feedback on teachers. Each department analyzes the feedback and submits a consolidated report to IQAC. IQAC prepares an inclusive feedback report for further improvement and implementation. Student's learning outcomes are reviewed through unit tests, class tests, assignments, class seminars,

internal assessment tests and university examinations. University result analysis is made for each semester at the departmental level and is discussed in IQAC/CDC, meetings for further improvement and implementation. This helps in identifying the slow and advanced learners.

Our College is located in Satpuda Mountain, The region is hilly, remote and high cliffs of mountain. The purpose or aim of the starting of the college was to bring the tribal students into the main stream of higher education and uplift them socially, economically and educationally.

Our effort is to create awareness among the students about their own incredible tribal culture, which is the most unique culture of the world. India has unity in diversity, and tribal culture is heritage of India. . The faculty members have created interests among the students to study hard and be ready for the challenges of the world. Today, we live in the modern world and in the name of fashion and modernity, we are going away from the tradition, custom and culture of the nation. So, it is our duty to preserve the tribal culture with the help of organising

various events and programs.

Every year we celebrate international tribal day on Ninth August. Students actively participate and show their skills of folk dancing, singing and the music. We also organise cultural programs in our college. We send the students for the youth festival organised by the affiliating University.
