Invitation and call for participation

The Organizing Committee cordially invites academicians, researchers, scientists, industry professionals, policymakers, research scholars, and students to participate in the One Day Multidisciplinary International Conference on "Pioneering Progress: Science, Agriculture, Social Sciences, Humanities and Management" (PSASHM-2026).

About the Conference

Pioneering Progress: Science, Agriculture, Social Sciences, Humanities and Management (PSASHM-2026) is a multidisciplinary international conference conceptualized to serve as a dynamic intellectual forum for researchers, academicians, scientists, industry professionals, policymakers, and students from across the globe. The conference is designed to encourage meaningful interaction and collaboration among diverse academic disciplines, fostering a holistic approach to knowledge creation and problem-solving. PSASHM-2026 brings together five major knowledge domains—Science, Agriculture, Social Sciences, Humanities, and Management—to promote interdisciplinary research that addresses pressing local, national, and global challenges. By integrating theoretical perspectives with practical applications, the conference seeks to bridge the gap between academic research and real-world needs. The primary objective of PSASHM-2026 is to provide a vibrant interdisciplinary platform for the exchange of innovative ideas, cutting-edge research findings, and best practices. The conference encourages dialogue among scholars, practitioners, and policymakers to explore emerging trends, technological advancements, social transformations, and sustainable development strategies. Through keynote addresses, plenary sessions, technical paper presentations, panel discussions, and interactive sessions, PSASHM-2026 aims to stimulate critical thinking, inspire collaborative research, and promote solutions that transcend traditional disciplinary boundaries. The conference emphasizes sustainability, inclusivity, innovation, and ethical responsibility in addressing contemporary societal, humanities and developmental issues. Ultimately, PSASHM-2026 aspires to contribute to global knowledge advancement, promote interdisciplinary synergy, and empower participants to apply research outcomes for the betterment of society and sustainable global development.

Conference Objectives

- To Promote Interdisciplinary Research
- To Encourage Innovation and Knowledge Sharing
- To Address Contemporary Local and Global Challenges
- To Bridge Theory and Practice
- To Promote Sustainable Development Goals (SDGs)
- To Foster Academic and Institutional Collaboration
- To Support Emerging Researchers and Students
- To Encourage Ethical, Inclusive, and Responsible Research
- To Explore Emerging Trends and Future Directions
- To Disseminate Quality Research Outcomes

About the College

Maharaj J. P. Valvi Arts, Commerce and Shri V. K. K. Science College (MJPVASC), Dhadgaon, is located in the remote and hilly tribal region of the Satpuda ranges in Nandurbar district, Maharashtra. The region predominantly comprises Scheduled Tribe and Scheduled Caste communities, where access to higher education has historically been limited. The college is run by Adivasi Satpuda Shikshan Prasarak Mandal, Dhadgaon established in 1964 by the visionary tribal leader Hon. Late Shri Janardan Poharya Valvi (Maharaj Baba) the first MLA of Akrani constituency and a renowned social reformer inspired by Thakkar Bappa. His mission was to uplift tribal society through education. Recognizing the need for higher education in this remote area, the Arts senior college was established in 1993, followed by the introduction of the two streams Science (2008–09) and Commerce (2013–14). Today, the institution stands as the only senior college in the Akrani (Dhadgaon) tehsil. The college is permanently affiliated to KBC North Maharashtra University, Jalgaon, and recognized by UGC under Sections 2(f) and 12(B). It has a qualified and dedicated faculties, modern infrastructure, well-equipped laboratories, a rich central library, and a pollution-free campus spread over five acres. With nearly 99% students from ST, SC, NT, and OBC categories, the college provides scholarships, freeships, Wi-Fi, and academic support facilities. MJPVSC continues its mission to bring students from remote hamlets into the mainstream of higher education and contribute to their educational, social, and economic empowerment.

About Nandurbar

Nandurbar is a tribal-dominated district in the north-western part of Maharashtra, situated in the scenic Satpura mountain ranges and along the banks of the Narmada and Tapi River. Known for its rich Adivasi culture, natural beauty, and biodiversity, the district is home to indigenous communities such as Bhil and Pawara. Agriculture forms the backbone of the local economy, while the region is gaining academic importance in tribal studies, sustainable agriculture, environmental research, and rural development. Hosting an international conference in Nandurbar highlights the integration of global knowledge with grassroots realities.
